

June 21, 2006

use of a carrier signal tone to establish a telephone connection that can be used for voice or data communication.

With regard to the use of the term "wireless carrier system," this term can refer to cellular-type networks such as those that use CDMA (as disclosed in the specification) and, as used in the claims, this term means any carrier system capable of providing a telephony connection over a wireless communication link, such as cellular carrier systems and satellite carrier systems. Also, the terms "intermittently" and "periodically" in the claims refer to events that can occur at either regular or irregular intervals.

In view of the foregoing, Applicants respectfully submit that all claims are allowable over the prior art. Reconsideration is therefore requested. The Examiner is invited to telephone the undersigned if doing so would advance prosecution of this case.

The Commissioner is hereby authorized to charge Deposit Account No. 07-0960 for a three month extension of time, as well as for any other required fees, or credit any overpayment associated with this communication.

Respectfully submitted,

REISING, ETHINGTON, BARNES, KISSELLE, P.C.

/James D. Stevens/
